## CALENDAR ANNOUNCEMENT

### *Ecobuild America and AEC Science & Technology (AEC-ST) 2007*

**Centerville, MA – Nov. 3, 2006 - FOR IMMEDIATE RELEASE**

**Note to Editor:** Please publish in your print and online event calendars.

**EVENT:** *Ecobuild America* – Sustainable, Green and High-Performance Solutions for the Built Environment  
*AEC Science & Technology (AEC-ST)* – Science & Technology for Architecture, Engineering & Construction

Held in Cooperation With: Green Building Initiative (GBI)  
Endorsed by: The American Institute of Architects/Los Angeles Chapter  
Media Sponsor: Hanley Wood Magazines – *Architect, Remodeling, and Residential Architect*

**DATES:** *Conference:* May 15-17, 2007 - *Exhibition:* May 16-17, 2007

**LOCATION:** Anaheim Convention Center, Anaheim, CA

**DESCRIPTION:** Ecobuild America and AEC-ST is the premier event for Green Building, Sustainable Design, Environmental Planning, Construction Technology, and Information Management.

Attendees include design and construction decision-makers including: Architects, Engineers, Contractors, Facility Managers, Homebuilders, Building Owners, Specifiers, Planners and Land Developers, Building and Construction Product Manufacturers and more – the entire project team in one place, at one time.

The **exhibit features** a uniquely integrated display of the latest green and sustainable building products, technologies, developments, and services, as well as IT solutions to help AEC professionals better design, specify, and manage their projects.

The **3 day conference program** with scores of technical sessions covers: Sustainable Design; Building Performance & Engineering; Green Construction & Homebuilding, Specifications, Codes & Contract Documents; Project Management & Delivery; Information Technology, BIM & Interoperability; Facilities Management & Operations; Infrastructure, Civil/Site/Land Development; and International Markets & Business Development. Featuring **The National BIM Conference**.
